

74mm Screw Compressor - SERVICE PARTS

Carlyle 05T and 06T screw compressor service parts are available through Carrier/Carlyle distribution. Service parts include not only serviceable items on the compressor, but also include related accessory items that are supplied to original equipment manufacturers for application with the compressor. A list of the most commonly required service items follows:

Item	Part Number	Description
1	0TA1063*	LonCEM module kit
2	HK05YZ003	Pressure Transducer, low pressure (suction)
3	HK05YZ002	Pressure Transducer, high pressure (discharge and oil)
4	KH39MG002	Replacement oil filter cartridge
5	KK71EW143	Oring, Oil Filter Housing
6	EF28BZ007	Motor cooling valve
7	P510-XV120D	120VAC Solenoid for motor cooling valve
8	P510-XV208D	208VAC Solenoid for motor cooling valve
9	P510-XV024D	24VAC Solenoid for motor cooling valve
10	06NA660011	Unloader/VI solenoid Valve
11	EF19ZE120	Unloader/VI Solenoid Coil, 120VAC
12	EF19ZE240	Unloader/VI Solenoid Coil, 208/240VAC
13	EF19ZE024	Unloader/VI Solenoid Coil, 24VAC
14	06TA660001	Service Valve, 1 5/8" ODF, suction and discharge
15	6D68-1131	Service Valve Gasket, suction and discharge
16	06TA680008**	Bar Stock Service Valve, 1 5/8" ODF, suction and discharge
17	06TA660004	7/8" Rotolock service valve for economizer port
18	EN99GA100	Rotolock Service Valve, teflon seal
19	8TA0757B	Rotolock Service Valve, spud Oring
20	KH11HH066	Oil Strainer, in-line 3/8" Flare
21	EF23ZZ025	Combination Oil Solenoid Valve / Sight Glass Assembly
22	HK13LB004	Oil Level Safety Switch
23	KK71EW916	Oring, Oil Level Switch
24	SG-1106	Oil Separator (KH31ZZ340 & KH31ZZ212), Replacement Sight Glass
25	1TA0620C	Discharge Check Valve, Valve
26	1TA0621B	Discharge Check Valve, Plate
27	8TA0629B	Discharge Check Valve, Snap Ring
28	06EA660051	Compressor Terminal Plate Assembly
29	EA02ZD001	Desuperheating Valve, 1 TON, 190F Y1037
30	EA02ZD002	Desuperheating Valve, 1.5 TON, 190F Y1037
31	EA02ZD030	Desuperheating Valve, 2 TON, 190F Y1037
32	EA02ZD050	Desuperheating Valve, 3 TON, 190F Y1037

* LonCEM module not available separately. Kit includes: module, pressure transducers (suction, discharge and oil), wiring harness, discharge thermistor, and required access fittings.

** Suction and discharge service valve used on all 05T and 65 cfm and large 06T compressors.
